

The JFK Jr. Tragedy

The news of JFK Jr.'s plane missing on Friday 17th July 1999 was as shocking to the world as the fatal accident of Princess Diana two years ago. It is an excellent exercise for astrologers. JFK Jr. was born on 25th November 1960 at 00:22 in Washington DC. His Four Pillars are:

Hour	Day	Month	Year
+Metal Rat (-Water)	-Fire Snake (+Fire,+Earth,+Metal)	-Fire Pig (+Water,+Wood)	+Metal Rat (-Water)

His Luck Pillars are:

34-43	24-33	14-23	04-13
-Metal Rabbit	+Metal Tiger	-Earth Ox	+Earth Rat

He was born in a season of weak Fire. The Snake in the Day Branch appears to provide him with root. However, the Snake and the Pig clash, and the Pig (Water) is the obvious winner. This is because Water controls Fire and the month of birth indicates strong Water and weak Fire. This eliminates the root of Fire. The -Fire on the Month Pillar will also be considered having no root. Water is the dominating element. It is further enhanced by a lot of Metal. The Day Master is extremely weak and it has to follow Power for survival. Since there is no Water on the stems, and since there is a clashed Snake in a branch, it is not a "Real Follow Power Type" of chart. We call such a chart the "Fake Follow Power Type".

For a Follow Power Type, the useful element is Power, and Wealth is also favorable. In this case, Water is most useful for JFK Jr., Metal is favorable. Since he has to follow Water, he has to give up his own identity - Fire. Fire and Wood will be unfavorable to him because these help to restore his own identity.

The difference between a Real Follow Type and a Fake Follow Type is that for a Fake Follow Type, when the unfavorable elements come in a ten year period or a year, a month or a day, it is dangerous, not just less lucky. If it is serious, it may be life threatening.

For a Follow Power Type of person, the best way of life is to seek power and enter into politics. Unfortunately, JFK Jr. decided not to. This may be due to the fact that his type is Fake Follow Power and he does not want to follow power really. This is against Heaven Luck.

Let us examine his Luck Pillars. Before this, let us see what his Month Pillar indicates. The month pillar is also called the Parents Palace. Fire on the Stem is unfavorable but Water in the branch is favorable although it also contains Wood that is unfavorable to him. This has a strong indication that he could not get his love from one of his parents, and this is most probably his father. His mother loves him but part of her energy is given to the Wood in the same branch. This fits the scenario. His father, President John F. Kennedy was assassinated when the Junior

was only three. His mother raised him but she remarried and devoted part of her love to her new husband.

His first luck pillar +Earth Rat is quite favorable, as water is good for him. Earth that represents his intelligence and performance is also favorable. His childhood is, after all, not bad. He was loved by a lot of people and they treated him like a prince.

His second luck pillar -Earth Ox is even better. This is because the branches Pig and Rat in his four pillars combine with the Ox to form the North direction combination. It is a very strong Water combination. These were his happy years.

His third luck pillar +Metal Tiger is half-good and half-bad. The stem +Metal is favorable. The branch contains his unfavorable elements Wood and Fire. Fortunately, the Tiger combines with the Pig in his month branch and did not bring him anything too evil. It hinders his performance but it is at least not dangerous.

The real danger comes in the luck period from 34 to 43. The -Metal is still favorable. He may be doing all right in the beginning of this period. The branch Rabbit is purely Wood. It is dangerous. He is lured away from Power, which he has to follow. Probably his wife Carolyn is also Fire and he is attracted back to recover his own identity. He may give up seeking power. This is dangerous. In fact, he has abandoned the idea of getting into politics. This puts him back to his own chosen path.

Let us see what happened on 17th July 1999. The three pillars are:

Day	Month	Year
+Metal Horse	-Metal Goat	-Earth Rabbit

The Goat and Rabbit combine with the Pig in his month branch to form a Wood Frame. This is detrimental. Although the stems are all favorable, the Wood Frame combination also breaks the bond between the Pig and the Snake. The Snake is set free and this restores his identity being a Fire person assisted by another Fire on the month stem. The Horse is also unfavorable and destroys the Metal above. We can expect real danger, and it is life threatening. The tragic accident is no coincidence.

Joseph Yu B.Sc. 余若愚 was born during the second world war in a small village in South China. He spent his childhood as a country boy and did not receive any formal education until he came to Hong Kong at the age of eleven. A lot of people suggest to him that he should create a story of learning Astrology and Feng Shui in early childhood from a monk as do many a famous Feng Shui Master. He prefers to tell the truth.

Yu studied Mathematics and Physics in the University of Hong Kong in the early 1960's. He abhorred all kinds of superstition and vowed to destroy such absurd beliefs of ignorant people. He then frequented libraries, trying to find fault with Astrology and Feng Shui from ancient books. The deeper he went into the subject, the more excited he became about the rich legacy of ancient Chinese culture.

Whether or not to become a professional astrologer and geomancer or continue in the fields of mathematics and physics, became a constant dilemma. Astrology and Feng Shui have been viewed as superstition by their skeptics. Astrologers and Feng Shui masters have been linked with fraud for centuries.

Someone wrote in his book, "If more knowledgeable men provide true Astrology and Feng Shui services, the ignorant and fake 'professionals' will vanish." Sharing the same view, Yu decided to provide useful services and correspondence courses at an affordable price.

While Joseph Yu was a mathematics teacher after his graduation, he was lucky to have as his neighbor one old Feng Shui master. This old master was very kind to disclose a lot of secrets of the five arts to him even though he was not one of the old master's apprentices.

In one Chinese New Year party at the old master's home, the master said to his disciples, "This young man, though not officially under my care, has learned more than most of you because he has a logical mind and dares to argue with me on various issues."

The old master passed away a few months later. Joseph Yu did not feel comfortable in the company of the disciples of this good master. He is grateful, but circumstances make it impossible to express his gratitude towards the master who passed on to him a lot of invaluable knowledge.
